

Under the Service Occupation Tax Act, servicemen are taxed on tangible personal property transferred incident to sales of service. See 86 Ill. Adm. Code 140.101. (This is a GIL).

February 25, 1999

Dear Mr. Xxxxx:

This letter is in response to your letter dated January 20, 1999. The nature of your letter and the information you have provided require that we respond with a General Information Letter, which is designed to provide general information, is not a statement of Department policy and is not binding on the Department. See 86 Ill. Adm. Code 1200.120(b) and (c), enclosed.

In your letter, you have stated and made inquiry as follows:

My client, who is an interstate carrier for hire, owns and operates a distribution service company registered and located in Illinois. My client provides his customers with packaging, warehousing and mixing of plastic pellets. My client never owns, nor sells the plastic pellets, he only provides processing services.

In order to provide these services, certain supplies are required. Large cardboard boxes, each holding 1,000 pounds of bulk plastic pellets, lids, liners and wooden skids are utilized in completing the customer needs. The wooden skids are never returned to my client.

Be advised, my client always provides these services to a manufacturer, never to the final customer.

Question #1: Are we required to pay sales tax when we purchase the cardboard boxes, lids, liners, and wooden skids used in fulfilling the customers order? We never reuse or receive back any of the supplies used. We bill the customer for supplies used and for a service of processing the plastic pellets. We simply warehouse, mix, package and ship the plastic pellets for our customers. We bill the customer for mixing services and packaging materials.

Question #2: Should we collect sales tax on the packaging materials used in preparing an order to be shipped to the manufacturers' destination?

Based on the above explanation, we respectfully request a letter ruling on our particular situation. Your response will be greatly appreciated for clarification and direction.

Retailers' Occupation Tax and Use Tax do not apply to receipts from sales of personal services. Under the Service Occupation Tax Act, servicemen are taxed on tangible personal property transferred incident to sales of service. For your general information we are enclosing a copy of 86 Ill. Adm. Code 140.101 regarding sales of service and Service Occupation Tax.

The purchase of tangible personal property that is transferred to service customers may result in either Service Occupation Tax liability or Use Tax liability for the servicemen, depending upon which tax base the servicemen choose to calculate their liability. Servicemen may calculate their tax base in one of four ways: (1) separately stated selling price; (2) 50% of the entire bill; (3) Service Occupation Tax on cost price if they are registered de minimis servicemen; or, (4) Use Tax on cost price if the servicemen are de minimis and are not otherwise required to be registered under the Retailers' Occupation Tax Act.

Using the first method, servicemen may separately state the selling price of each item transferred as a result of sales of service. The tax is based on the separately stated selling price of the tangible personal property transferred. If servicemen do not wish to separately state the selling price of the tangible personal property transferred, those servicemen must use 50% of the entire bill to their service customers as the tax base. Both of the above methods provide that in no event may the tax base be less than the cost price of the tangible personal property transferred. Under these methods, servicemen may provide their suppliers with Certificates of Resale when purchasing the tangible personal property to be transferred as a part of the sales of service.

The third way servicemen may account for their tax liability only applies to de minimis servicemen who have either chosen to be registered or are required to be registered because they incur Retailers' Occupation Tax liability with respect to a portion of their business. Servicemen may qualify as de minimis, if they determine that their annual aggregate cost price of tangible personal property transferred incident to sales of service is less than 35% of their annual gross receipts from service transactions (75% in the case of pharmacists and persons engaged in graphic arts production). See, 86 Ill. Adm. Code 140.101(f) enclosed. This class of registered de minimis servicemen is authorized to pay Service Occupation Tax (which includes local taxes) based upon the cost price of tangible personal property transferred incident to sales of service. They remit the tax to the Department by filing returns and do not pay tax to suppliers. They provide suppliers with Certificates of Resale for the property transferred to service customers.

De minimis servicemen that are not otherwise required to be registered under the Retailers' Occupation Tax Act may use the final method of determining tax liability. Servicemen may qualify as de minimis, if they determine that their annual aggregate cost price of tangible personal property transferred incident to sales of service is less than 35% of their annual gross receipts from service transactions (75% in the case of pharmacists and persons engaged in graphic arts production). Such de minimis servicemen may pay Use Tax to their suppliers or may self-assess and remit Use Tax to the Department when making purchases from unregistered out-of-State suppliers. Those servicemen are not authorized to collect "tax" from their service customers, nor are they liable for Service Occupation Tax. It should be noted that servicemen no longer have the option of determining whether they are de minimis using a transaction by transaction basis.

I hope this information is helpful. The Department of Revenue maintains a Web site, which can be accessed at [www.revenue.state.il.us](http://www.revenue.state.il.us). If you have further questions related to the Illinois sales tax laws, please contact the Department's Taxpayer Information Division at (217) 782-3336.

If you are not under audit and you wish to obtain a binding Private Letter Ruling regarding your factual situation, please submit all of the information set out in items 1 through 8 of the enclosed copy of Section 1200.110(b).

Very truly yours,

Melanie A. Jarvis  
Associate Counsel
